

# PERRY PARK EVACUATION ROUTE MAP

## PERRY PARK

### WILDFIRE PREPAREDNESS AND EVACUATION GUIDE

- 1 MAIN:** Perry Park Road (105) via Red Rock drive and Main Entrance.
- 2 NORTHWEST:** North on Perry Park Blvd, Right on Country Club Dr, Left on Remuda Ranch Pkwy, and through the green gate to Dakan Road.

- 3 GOLF COURSE:** North on Perry Park Blvd, Left on Country Club Dr, Right on Remuda Ranch Pkwy, and through the green gate to Dakan Road.

## Be Prepared:

1. Make a list of important items to take during an evacuation. Think “**PIP**” - **P**recious, **I**rreplaceable, **P**ortable:
  - Phone numbers, Birth certificates, Insurance Paperwork, Tax Records and Other documents
  - Prescriptions, Vitamins, Eyeglasses, and Medical Necessities
  - Photo Albums, Jewelry, Memorabilia
  - Laptops, Backup Hard Drives, Other Digital Media, and Cell Phones.
  - Credit cards, ATM Cards, Cash
2. Assemble an emergency supplies kit. Include adequate bottled water, non-perishable food, a change of clothing and shoes, hygiene items, a flashlight and extra car keys.
3. Have extra cash on hand. Keep at least 2½ times what it costs to fill your gas tank.
4. Perform a home inventory of important household items, electronics, furniture and other belongings. Take pictures and store the list with other valuable documents.
5. If you have pets, arrange in advance for a place to take your animals. Have extra food, water, leashes, cat litter, and carriers on hand with your emergency supplies.
6. Ensure all family members are familiar with evacuation routes, and plan a pre-determined location to evacuate to or meet.

7. Establish an out of area third party contact for family members to relay messages to each other.
8. Register with the Douglas County’s Emergency Mass Notification System:

## When To Leave

### **Don’t wait to be told by Authorities to Leave!**

Leave early enough to avoid being caught in fire, smoke, or road congestion. Leaving protects you from being hurt or killed. It also improves the chance for fire fighters to save your home and property!

## When you Go

1. Close all doors, windows, and vents in your home.
2. Lower/Close all shutters, blinds, or heavy non-combustible window coverings. Remove flammable drapes and curtains from windows (to avoid ignition from radiant heat).
3. Move stuffed furniture away from windows.
4. Move any combustible deck furniture inside house or garage.
5. Park any unused vehicles in the garage.
6. Turn off propane tanks (BBQ, Heaters etc) and move into garage.
7. Leave on all interior and exterior lights.
8. Leave garden hose out with nozzle attached and water turned off.

## Evacuation

When evacuating protect yourself from heat and smoke by wearing sturdy shoes, a long sleeve shirt and pants. Consider a dust mask and goggles if necessary.

Turn on your headlights and keep the windows rolled up.

Be aware of incoming emergency vehicles and pull over to let them pass!

### **Be Calm, Courteous, and Drive Safely!**

## Evacuation Routes

The route you take will depend on the fire location and directions given by Emergency Services Personnel.

Three routes have been designated as Perry Park evacuation routes as outlined on the back of this pamphlet.

To guide you in evacuation look for, and follow, the Red & White “Wildfire Evacuation Route” signs out of the park.
